Subject: HB06667 – AA Addressing Gun Violence; and HB06816 – AAC Microstamping-enabled Pistols Raising the Age to Purchase Ammunition and Restricting the Sale and Possession of Body Armor

Connecticut General Assembly,

I am writing in my opposition to the following House Bills. HB06667 – AA Addressing Gun Violence; and HB06816 – AAC Microstamping-enabled Pistols Raising the Age to Purchase Ammunition and Restricting the Sale and Possession of Body Armor. These bills will have detrimental results for all legal firearms owners within the state of Connecticut. These House Bills will also have no effect on those that possess firearms illegally. Those that possess firearms illegally are criminals and by their very nature do not follow Connecticut's current firearm laws.
